

## Join the Green Army!

### Is this for you?

Are you aged between 17 and 24, an Australian citizen or permanent resident and would like to be a part of a team that will make a REAL difference to the environment in your local community?

Would you like to be paid an allowance while gaining skills, training and experience that can help you enter the workforce, improve your career opportunities or further your education and training?

Then the **GREEN ARMY** is for you.

The Green Army is an Australian Government initiative open to young people including Indigenous Australians, school leavers, gap year students, graduates and job seekers who are looking to develop skills, undertake training and gain experience in the delivery of conservation projects. Through this, participants will enhance opportunities for careers and further training in conservation.

**Mission Beach Area – starting Monday 30<sup>th</sup> March**

The project will protect the area and improve the condition and connectivity of the essential habitat:

- Remove and control invasive weeds and replant native plant species
- Provide Community Awareness and engagement with the environment
