

Vegetation Management Act Regional Ecosystem and Remnant Map-Version 6.1

- Remnant vegetation containing endangered regional ecosystems
- Remnant vegetation containing of common regional ecosystems
- Remnant vegetation that is a least concern regional ecosystem
- Remnant vegetation under Section 20AH of the VMA
- Non-remnant
- Plantation Forest
- Dam or Reservoir
- Remnant Vegetation
- PMAA/ Category X area
- Great Barrier Reef Wetlands
- Vegetation Management Act Essential Habitat
For further information on VMA Essential Habitat, please see the attached VMA Essential Habitat map.
- Subject Lot
- Watercourse (Stream order shown as black number against stream where available)
- Bioregion boundary
- Road
* Pinery Bowes Business Insight 2012
- National Park, Conservation Area State Forest and other reserve
- Cadastral line
Property boundaries shown are provided as a locational aid only.
- Towns

Based on 2008 LandSat TM Imagery

A remnant map covers areas not covered by a regional ecosystem map.

Delineated map areas are labelled with the regional ecosystem (RE) code along with the percentage breakdown of map area and RE occurring within the area. Detailed definitions of regional ecosystems are available from www.derm.qld.gov.au/REDO. Delineated map areas smaller than the may not be labelled.

Regional ecosystem linework has been compiled at a scale of 1:100 000, except in designated areas where a compilation scale of 1:250 000 is available. Linework should be used as a guide only. The positional accuracy of RE data mapped at a scale of 1:100 000 is +/- 50 metres. The extent of remnant regional ecosystems as of 2008, depicted on this map is based on modified 2008 LandSat TM Imagery (supplied by the Statewide Landcover and Tree Study (SLATS), Department of Environment and Resource Management (DERM)).

Some watercourse lines are derived from Geoscience Australia 1:250 000 mapping.

Disclaimer:
 While every care is taken to ensure the accuracy of this product, the Department of Environment and Resource Management and Macris Australia Pty Ltd, make no representations or warranties about its accuracy, reliability, completeness or suitability for any particular purpose and disclaims all responsibility and all liability (including without limitation, liability in negligence) for all expenses, losses, damages (including indirect or consequential damages) and costs which you might incur as a result of the product being inaccurate or incomplete in any way and for any reason.

All datasets are updated as they become available to provide the most current information as of the date shown on this map.

Additional information is required for the purposes of land clearing or assessment of a regional ecosystem map of PMAA applications. For further information go to the web site www.derm.qld.gov.au or contact the Department of Environment and Resource Management.

Digital regional ecosystem data is available in shapefile format, for Lot on Plans from www.derm.qld.gov.au/REDATA or from DERM for larger areas.
